14 SEER, 8.0 HSPF

Air Conditioning & Heating

Thank goodness  
for Goodman.®

At Goodman, we believe in American dependability. Units are designed, engineered and assembled in the U.S.A.

Goodman® is one of the biggest names in cooling, heating and energy-efficient home comfort. That's because Goodman lives up to its name in a big way, with time-tested energy-efficient technology, highly-durable materials and spot-on manufacturing. So, no matter where you live or whether your home is small or large, Goodman probably has a solution to help keep your home comfortable.

### Goodman will keep you cool as a cucumber.

The best packaged system is the kind you don't have to worry about. It comes on the moment you need it and then runs quietly and efficiently all year long. The Goodman GPH14M and GPH14H units are loaded with features designed to provide outstanding performance for years to come. We use advanced techniques and materials so you know the cozy, even temperature you feel in every corner of your home is an energy-efficient trend that's here to stay for many years.

### Don't let high utility bills make you lose your cool.

Our complete line of packaged systems are priced to help add comfort to your budget from a local independent Goodman dealer. And that's only the beginning. We want you to smile every time you open your utility bill, so we design energy-efficient technology into our units.

### Taking pride in our company heritage.

Goodman brand heating and cooling systems are designed to provide refreshingly affordable and energy-efficient indoor comfort solutions using advanced technology. But the company ultimately adheres to some old-fashioned values too. Goodman believes in the integrity of the American worker. That's why Goodman brand heating and cooling systems are designed, engineered and assembled in the United States.

Experience reliable indoor comfort for everyone in your home season after season.

## A LOT GOES INTO EVERY GOODMAN® BRAND GPH14M AND GPH14H PACKAGED HEAT PUMP

### The art of precision

**Efficient Cooling Capacity** – 5 millimeter (select models) refrigeration grade premium copper tubing and aluminum fin condenser coil configuration delivers outstanding heat transfer properties.

**All-Aluminum Evaporator Coil** – A single metal solution that is designed for enhanced durability and performance.

**Goodman packaged units simply work the way they're supposed to, making each one a thing of beauty.**

**Multi-Speed ECM Blower Motor** – Provides quiet system startup and shutdown with highly-efficient performance.

**High-Efficiency Scroll Compressor** – Compressor will provide years of reliable cooling comfort. Uses chlorine-free R-410A refrigerant.

**Refrigeration-Grade Premium Copper Tubing and Aluminum Fin Condenser Coil Configuration** – Delivers outstanding heat transfer properties with R-410A refrigerant.

**Self-Contained Packaged Unit** – Designed for multi-position installation

**SmartShift® Defrost Technology with Short-Cycle Protection** – Supports smooth and quiet transition between heating and cooling cycles.

When your current packaged unit breaks, it's good to know that your local, independent Goodman® brand contractor has financing options available to help defray what might be considered an emergency purchase for your home.

MODEL	SEER	EER	HSPF	2-5 TON CAPACITY	INSTALLATION OPTIONS
GPH14M	14	11	8.0	•	Multi-Position
GPH14H	14	Up to 12	8.0	•	Dedicated Horizontal

Thank goodness  
for Goodman.®

Online registration is not required in California or Quebec.

---

### PERFORMANCE

---

**14**  
SEER

**8.0**  
HSPF

"SEER" stands for Seasonal Energy Efficiency Ratio, which is a measurement of an air conditioner's cooling energy efficiency developed by the U.S. Department of Energy. It's a simple formula: the higher the SEER of your unit, the greater its efficiency—and the lower your operating costs.

When properly installed, your new Goodman brand packaged heat pump offers efficiencies that provide significant savings compared to lower SEER units.

---

Independent, dependable, courteous, prompt, honest, highly-skilled and respectful of you and your home. That's why all the time homeowners say,

"These guys are good – really good."

### Why does Goodman® have such a large fan base?

Many of your neighbors may have discovered that a reliable and energy-efficient home comfort system doesn't have to cost a fortune. Goodman brand whole-house systems feature many of the latest and greatest money-saving technology benefits that we can offer. They are designed and engineered to run quietly and pretty much worry-free.
