MrCool distributor (hereinafter "Company") warrants this product against failure due to defect in materials or workmanship under normal use and maintenance as follows. All warranty periods begin on the date of the original installation. If the date cannot be verified, the warranty period begins one hundred twenty (120) days from date of manufacture. The unit comes standard with a 5 year parts/7 year compressor warranty and is available with a limited lifetime compressor warranty only if certain conditions/requirements are met.

The limited lifetime compressor warranty & the 7 year unit replacement warranty covers the unit **ONLY** in the event of compressor failure. **In order to qualify for the limited lifetime compressor warranty, the unit must be registered at the web address below within 60 days of the installation date and the original, registered owner must also enroll in the MrCool Care program within 4 months from the installation date, which has an biannual fee to be covered by the owner.** The MrCool Care program is designed to provide the owner with a Do-It-Yourself cleaning kit to service/clean the unit at regular intervals (biannually) as preventative maintenance to help ensure the unit will continue to function properly throughout its lifespan.

If compressor failure occurs within the first 7 years, and it has been verified with diagnostic testing performed by a certified HVAC technician (and proof can be provided to MrCool), as well as meeting the other stipulations/requirements listed below, this warranty will provide one entire unit replacement (**equipment only**). In the event of compressor failure after the initial 7 years, the limited lifetime compressor warranty will cover the cost of a replacement compressor (**equipment only**). This warranty does not cover any costs incurred to diagnose or replace equipment. **If the original owner does not register the unit, the warranty defaults to the standard 5 year parts, 7 year compressor warranty.**

In order to qualify for the Limited Lifetime Compressor Warranty, the product must be registered by the original owner and they must be enrolled in the MrCool Care program at the following web address:
